Cinch Networks Inc.  
155 McKenzie Towne Gate S.E.  
Calgary, Alberta T2Z 4G2

**Re: Reference Letter for Cinch Networks Inc.**

To Whom It May Concern:

I would like to thank Cinch Networks Inc. for their past, current, and future work for WiBand Communications Corporation. Cinch Networks Inc. has enabled us to provide the highest level of service and support to our customers.

As the Director for WiBand Communications, I have worked side-by-side with both Josh Renneberg and Ryan McGillivray for several years. Network issues ranging from our local area network, exchange and domain servers, to our customer distribution network were solely managed by Ryan and Josh. Their expert skills and opinions are highly valued.

Since the departure of Ryan and Josh, WiBand Communications has called upon Cinch Networks' assistance to resolve network issues, implement network improvements, and manage large-scale role-outs. WiBand Communications has contracted Cinch Networks on an on-going basis due to their high level of professionalism and competency.

I confidently refer Cinch Networks Inc. to any business.

Regards,

**Chris Hornsby**  
Director of Sales  
WiBand Communications
